

## Adoption

My name is Renee and I am the mother of a recently adopted baby. I am writing this letter to express my greatest gratitude to CMR – PE and their staff for making the complete process as welcome and stress free as possible.

From the initial contact to the final court appearance, my husband and I have been treated with understanding and utmost professionalism by the social worker who handled our case. There was feedback throughout the process which alleviated a lot of our anxieties as adoptive parents.

Even though she must've had numerous other cases, we never felt that we were just another statistic. We felt that our baby and the outcome of our case was just as important to her as it was to us. She walked the road with us until our "Happy Day".

I wouldn't hesitate to recommend CMR to anyone wanting to adopt a child. It would be extremely sad and a great loss to any prospective adoptive parents, if CMR and their staff were unable to provide this excellent service because of constraints beyond their control.
